

"BRONZE IMAGE" PORTRAITS

BRONZE IMAGE PORTRAITS

A photographic, bas relief reproduction in cast bronze, "Bronze Image" portraits offer a durable option that will last for centuries in demanding outside environments. They are the perfect compliment for any memorial.

> Size options available:

50 x 70 mm

70 x 90 mm

120 x 90 mm

"Bronze image" portraits are available in 3 sizes: 70x50, 90x70 and 120x90 mm. All images are finished with a standard brown patina and are available in both landscape and portrait options. If you require another size please speak to our friendly customer service staff.

> Required Image Quality:

1. Quality image with a minimum 300 DPI ;
2. Image with definition (depth);
3. Image with lighting from front and above so that shadowing correctly highlights prominent facial features.

* Examples of Image Quality required

> Unacceptable Image Quality:

1. Low resolution, poorly lit image under 300 dpi.

2. Image with no definition.

3. Image with uneven shadowing due to poorly directed lighting.

> Pricing:

The "Bronze Image" range has a set price. If an image sent to Phoenix is not of an acceptable standard Phoenix reserves the right to refuse the job. At our discretion, we may be able to improve the image to an acceptable standard. This service will attract an extra fee.
