

BRONZE STONE PLAQUES

> Bronze and Granite

Two beautiful and durable materials that have stood the test of time. Phoenix has created a new memorial plaque combining these materials. The union of polished bronze letters and motifs set on a polished granite base results in a visually appealing and elegant plaque that can be used in any cemetery situation.

Glory Black Bronze Stone Plaque

Noble Red

Blue Pearl

Olive Green

> Design Options

Granite Plaque Base

Shape and Dimensions	Any size can be selected between 300 x 300mm to 600 x 300mm. Base thickness is 25mm
Finish	Face and edges polished. Back sawn suitable for fixing to the beam or wall.
Colour	Full granite colour range is possible, but we recommend the following which provide the best contrast with the bronze motifs and letters Noble Red, Glory Black, Blue Pearl and Olive Green.

Bronze Elements

Inscription	Font Size: 15mm, 20 mm and 30mm; Font Style: Cheltenham; Lines: To suit overall size.
Motifs	Type: Flat and Bas relief available; Minimum Size: Flat - 40mm and BR - 50mm; Maximum Size: Limited by design requirements.

> Durability

Bronze and Granite individually have excellent durability. A problem in the past has been failure of lead lettering in stone so Phoenix developed a system to ensure the bronze elements are securely fixed to the granite base.
