

TAKE HOME MEMORIALS

A wide range of shapes, sizes and colours are available on the "Take Home Memorial" plaques. A specially designed stake fixing method is included for placement into your private garden area.

After a cremation, many families are faced with the dilemma of where to place the ashes and the question of "What to do about a memorial?" Have you ever thought about establishing a personal, private memorial in your own garden?

"Take Home Memorials" offer many advantages to traditional style memorials:

- * The ability to design an original memorial plaque with no restrictions, which can be placed in your own outdoor or indoor garden;
- * Easy private access to the memorial to help the personal grieving process;
- * The convenience of being able to move the memorial when relocating.

For help in organising your original "Take Home Memorial" please contact your local memorial consultant for further information.

Plaques can also be supplied on various sized granite bases for placement in private gardens or places of personal significance.
